Dear Families of Four Rivers,

We know that many of you may be anxious about the missed instructional time for your child(ren). We want you to know that we are working on plans for make-up days and we hope that the instruction can be made up earlier in the year rather than at the end of the year. We know that more student learning and growth will take place between now and April rather than May and June. In addition, we appreciate your patience through this extreme weather and thank you ahead of time for your flexibility once a make-up day plan is developed and shared.

Many upper grade level students may be worried about the end of the nine weeks and course grades. This is very important to us too, and we will be extending deadlines to accommodate students. Please check in with your prep and sr. prep students to make sure all of their assignments are current and submitted in Google classroom. They can also use their most current printed grade report or check grades on-line to see if they have any missing assignments. Please encourage students to email their teachers if they have any questions on specific assignments or grades. Of course we appreciate parent feedback and if you have thoughts or suggestions that you would like to share please feel free to send an email to: karla@4riverscs.org . Thank you.
